Petition addressed to the Hon'ble R & L by Mr Rajchalappa and others of Cubbonpet Bangalore city, bewailing the delay of nearly 3 years in granting them exchange land and requesting that the land around the old chapel which has been acquired may be granted to them for the purpose of building a Roman Catholic Church

Hon'ble Minister

Law Secretary, for urgent report

Secd 6 P.

2) The Roman catholic residents of Cubbonpet Bangalore city have since July, 1941, been requesting the grant of a site in exchange for the one belonging to them, which was acquired by the Bangalore city Municipality, for the construction of a Roman Catholic Church

3) The connected file is sent up. It is seen that no compensation has been paid by the Bangalore city Municipality, as the Bishop (the owner of the site acquired) does not want money compensation, but only exchange of land equal in extent in the new Mission Road. The grant of exchange land of an equal dimension was estimated to cost Rs 45,344 during 1942 and it would be considerably more under the present conditions

the Municipal Commr Bangalore city was defenitely informed that the Church Authorities may be allowed to go on with the work construction of their building according to an approved plan, as it would not be right that they should be made to wait any longer and thus be inconvenienced.

As am in this office letter dt 9-9-43 the Municipal Commr was informed that this question should not be delayed and that this disposal should be despatched

The Municipal Commr has been addressed on 31-5-45, to report immediately the state at which the above question stands at present and his reply is awaited

1) A copy of the present reminder letter will be sent to the MC Comr for an urgent report in three days

Subject - Application for land in Old Gangammacherry for the construction of a Roman Catholic Church

U O No 222 Dated the 21st/22 January 1946.

Returned with compliments

23 The land referred to, by the Roman Catholic Mission about 150 yards by 75 yards is situated to the North of the New Mission Road and is at a distance of about 300 Yds from the Town Hall This land includes an area of about 26 Yds by 40 Yds which is said to have belonged to the Mission since the year 1842.

24 The Municipal Commissioner, to whom this question was referred to for furnishing certain details, has in his office No L 1 1240/42 dated the 8th December 1945 (copy enclosed) stated that the land required for the Mission consists of certain private properties now partly acquired and partly under acquisition for Government to clear the surroundings round the Town Hall and also certain lands belonging to the Municipality The cost of the latter area (i e , land belonging to the Municipality) is said to be about Rs 70,000/- and the cost of private properties acquired under acquisition is estimated at Rs 22,000/-

25 So far as the Town Hall is concerned, the land under question being sufficiently far away from it, is not very necessary and particularly in case Gov-ernment would be required to pay Rs 70,000/- or so for the Municipal land referred to The length of 300 Yds with the varying widths to the south of the Town Hall would be sufficient for the purposes of open space round the Town Hall

26 So the land now asked for by the Mission may be given for the purposes on condition that they pay Rs 22,000/- being the cost of acquisition plus incidental charges if ary to Government and also the additional amount of Rs 70,000/- for the land said to belong to the Municipality.

27 It may also be made a condition that this land should not be used for any other purpose than building a

Church and the design adopted be approved by Government.

Subject.- Application for land in old Gangammacherry for the construction of a Roman Catholic Church

---

With reference to your letter No 297 dated 10-8-1945 forwarding a blue print showing the property prayed for by Mr Mascaranhas for the Roman Catholic Church, I have the honour to forward herewith a plan showing all the details desired by you, along with the blue print received with your letter No under reference

Mr Mascaranhas states that the land marked 'PQBR' was the old site on which the Church existed The land marked ' W X Y Z' is the extent now desired for the new construction This site consists of private properties that were acquired and are being acquired for the extension of the Town Hall area and also of some Municipal land

The total extent of land applied for is 10,110 sq yards Out of which, an extent of 3146 sq yards comprises of the private properties already acquired and being acquired at the cost of the Government The balance of 6964 sq yards belongs to the Municipality

The cost of the properties comprised within thearea of 3146 sq yards will come to about Rs 32,000/- and the cost of Municipal land will be roughly Rs 70,000/-

Subj.- Requisition of a portion of land belonging to the Roman Catholic Church and grant of a site for the construction of a Church in Jayachamarajendra Road - Bangalore City -

67) These papers relate to two questions viz 1) Request for grant of a site measuring 150 x 75 feet S. & P. yards in the Jayachamarajendra Road for erecting a new church by the Roman Catholic Mission and

2) acquisition of two plots of agricultural land on the new Kumbarganda Road - ~~C.S. Apt~~ (Jayachamarajendra Wadiyar Road) opposite to the Sewage Tanks belonging to the Catholic Mission and grant of land in exchange

68) Re Question I Enclosed Reference is invited to the Plan of the area (Flag P) The Church Authorities want the land measuring 150 yards by 75 yards, which is

Situated to the north of the new Mission Road at a distance of about 300 yds from the Town Hall. The portion marked P.W.B.M in the plan is said to be the old site in which the Church is said to have located & an area measuring 26 yds by 40 yds is said to belong to the Mission, since, 1842

6) The total extent of land applied for on this area by the Church authorities is 10,110 sq. Yards, as detailed below -

		Cost -
1) Land acquired & to be acquired at Govt cost -	3146 sq. Yards -	Rs 22,000
2) Land belonging to the Municipality	6964 sq. yds —	Rs 70,000.

7) The Chief Engineer for Roads and Buildings has recommended that the land asked for by the Mission may be given for the purpose, on payment of a sum Rs 92,000 by the Mission Authorities to Govt and Municipality and that the Church is built as per design approved by the Govt

(area 26 yds NOTES)

8) It is doubtful if the Church Authorities

could pay such a heavy amount for these sites

4) Regarding question no 2

Reference is invited to the plan
furnished by the Municipal Engineer
plan III on 3-10-1947 — wherein explanations the
position clearly

3) The city Municipal Council wants to
acquire an area of 7396 Square Yards

and portion of S no 3 of Doddabaglakkere village
is proposed to acquire an area of 6302 Square Yards
of agricultural land (S no 4. S no out of
S no 100/2) and give it in exchange to the
Mission Authorities in addition to the
Municipal land of 720 Sq Yards
abutting the road

4) Besides the city Municipal Council

It was brought to my notice that the Municipality has not taken any action to acquire the lands required for the channel and has entered upon a portion of these lands. I see from the file that apart from the intention of acquiring the portion of channel lands no further action is taken for the erection of temporary buildings taken any definite step. Under the circumstances the Municipality may be asked to allow the channel authorities to go on with the construction of these buildings according to a given plan the question has been hanging fire since 1939 and it is time steps had been taken to be initiated

OFFICE OF THE MINISTER
FOR REVENUE & LAW
No. M 1000
Date 28/5/45

Sir,

We, the Roman Catholics, residing in Mavalli and Cubbonpet, beg to approach you with the following petition and trust it will receive your earnest and sympathetic consideration

In Gangammachery Block, close to the New Mission Road, Bangalore City, there is an old church site (marked D in plan) which has been our property for nearly two centuries Religious worship had been conducted therein from the time of Hyder Ali, but had to be discontinued and the old church pulled down, owing to its dilapidated condition

Deprived of our place of worship, we are obliged to hold service in the hall of a private house, in Cubbonpet This hall being very small, cannot accommodate one-tenth of the congregation, and our women-folk and children are put to great hardship, as they have to stand in the Sun or the Rain

In this predicament we approached the Catholic Mission Authorities for a decent church They gladly acceded to our request and as the site of the old chapel at Gangammachery was too small, they tried to acquire more land around it But the price demanded by the profiteering owners around was so exorbitant, that they were obliged to give up the idea of building a more spacious church on the site itself, and acquired a plot near it, marked A & B on the accompanying plan

The Bangalore City Municipality requisitioned a portion (marked A) of that plot for some Government Offices This was the best portion of our land, as it fronted the Jaya Chamaraja

Chamaraja Wodeyar Road They promised to give us a plot (marked in compensation This latter plot, is, in our view not suited for a Church opening as it does on a side road We want to put up a Convent and a School on the sites marked B & C

Although it is nearly three years now since this promise of plot marked C in place of A, and although the Minister two years ago himself took the matter in hand, nothing has been done upto date, and we are put to very great hardship for want of a Church

Now, we understand that the land around the Old Chapel has been acquired by Government, and that the old huts are being removed The religious traditions and sentiments associated with this site "D" where religious worship had been conducte nearly two centuries, urge us to approach you, Sir, and to earnestly request you to grant us the plot around the old Cap shaded with crosses This plot will enable us to build a Church in keeping with the architectural beauty of the buildings in the neighbourhood, and to orientate it towards Jayachamaraja Wodeya Road, so that, entering the Church from that Road, we will be reminded of our beloved Maharaja, and pray for his long life and a happy and prosperous reign We humbly assure you, Sir, that your name will be associated with that of His Highness

Imploring God's Blessing upon you,

We beg to remain,

SIR,

With reference to your letter No L 11886 dated 9th June 1945, regarding the grant of exchange land for the land belonging to the Roman Catholic Mission, I have the honour to forward herewith a plan showing the details of the locality and to state as under -

Two plots of agricultural land marked A & B comprising Survey Nos 2, 3 and 100/1 situated on the new Kumbargundi Road (Jayachamaraja Wadiyar Road) opposite the Shivaji Talkies, belong to the Catholic Mission It is understood that the Mission purchased them some years ago for the construction of a Church The Mission Road runs along the northern boundary

Sometime ago, the Municipal Council decided to acquire plot "A" (shaded red) for the construction of a row of commercial Offices and shops, But the Mission took objection to the acquisition and besides, they did not want cash compensation They were however told that an equivalent plot of land marked "C" in the plan adjacent to plot "B" would be acquired and given to them in exchange and this proposal was agreed to by them. The boundary of plot "C" is marked in red pencil Proceedings were started for the acquisition of some lands including Plot "C" (vide Government Notification No L 11718-M1 22-43-72 dated 19th May 1944) Subsequently however, it was -

discovered that in the eastern portion of plot "C" there was a Mutt with a Hindu tomb in it It therefore became necessary to exclude more than half of plot "C" so as to avoid the acquisition of the Mutt. Mr L P Mascarnes who saw me sometime ago on behalf of the petitioners said that the remaining portion of plot "C" would be totally insufficient for their purpose In the circumstance, it has been decided to acquire plot "D", shaded green, situated to the east and south of plot "B" and give it in exchange for plot "A" Mr Mascarnes has agreed to this proposal, which besides, fits in with the layout of the area prepared by the Government Architect The area of plot "D" is more or less the same as that of plot "A", being 8245 sq yards as against 8,258 sq yards. Plan and valuation statement are under preparation for taking action to acquire this piece of land

In the copy of the petition, a reference is made to an old church site which is said to have been indicated by the letter "D" in the plan sent with the petition to Government Mr Mascarnes told me that this site is situated on the northern side of the Mission Road in the Gangammacherry area. So far as I know, this site does not belong to the Municipality The whole of the Gangammacherry area has been recently acquired by Government. The Chief Engineer to Government may perhaps be consulted regarding the disposal of the site applied for by the Mission

With regard to the claim of the Roman Catholic christians of Cubbennet and Gangammacherry to the church site at Gangammacherry, we beg to submit the following documentary evidence:-

1) reference in 'Histoire des Missions de l'Inde' by A Launay page -\, of which a true translation is appended herewith (marked A)

2) reference in the Mission Administrativ report for 1896 of which a true translation is likewise herewith appended (marked B)

3) a translation from a gift deed in Tamil executed in 1842 by A.Daniel, butler, making mention of the church erected in the concerned area and testifying to the church as being vested in, and under the authority of, the Roman Catholic Mission, Bangalore.

4) whereas certain homeless people have built temporary structures from time to time and gradually encroached on the northern side, the surrounding Hindu and Mohamedan population have always respected the site of one chapel (marked in the paln) and testified to its hallowed associations.

5) whereas the Government has acquired with payment of compensation the whole

whole stretch of private buildings to the Town Hall no claim for acquisition of the site has been made by Government nor has compensation ever paid in respect of that site. ~~The only land acquired by Government is a narrow strip for the purpose of widening the thoroughfare.~~

HIS HIGHNESS SRI JAYACHAMARAJA WODEYAR, G C S I , G C B ,
MAHARAJA OF MYSORE,
THE PALACE,
M Y S O R E

To our beloved and gracious Ruler,

We, the Roman Catholics of Cubbonpet and Mavalli, Bangalore City, beg, respectfully, to approach Your Highness with the following appeal

In Gangamcherry not far from Sir Puttanna Chetty Town Hall is an old Church site marked 'E' in the rough plan enclosed herewith, which has been the Catholic Mission property since 1865 as testified by Father Lonay in his book on French Foreign Mission in Mysore, the Church being built of bamboo and mud soon got dilapidated and the service had to be discontinued, as the Church was not rebuilt again; further the Municipal Commissioner on being called on to report has reported to Government that this site is not a Municipal land Since then our religious services are being held in a small Chapel 12' x 10' situated in a byelane in Cubbonpet, this can barely hold a dozen people and we are obliged to kneel on the road exposed to sun and rain and with our children

Seeing our condition our good Bishop Despatures in 1938 bought about 2½ acres of land in Dodbailkan village as shown in the accompanying rough plan 'ABC Soon after, the late Dewan during his inspection orally ordered a strip of land A to be reserved along the roadside for the construction of an industrial building and asked the Municipal authorities to give an equal extent of land marked D in exchange along the New Mission Road The best portion of our land was taken away from us and the plot that will be made available is not a suitable place to build a Church and the present proposal

is to build a convent a school It is eight years since this was brought and yet ~~got~~ the plot in exchange has not been given to us, though the Minister gave strict orders in 1942 to expedite the matter

Now the buildings between Sir Puttanna Chetty's Town Hall and the New Mission Road in Gamgamcherry have been acquired with the idea of having a nice park in the locality We have applied to the Municipality to give us a little more land round-about the old Church site to build a decent Church The religious traditions and sentiments associated with the hallowed site, where religious worship was held for over four decades urge us to submit the humble appeal for the grant of the plot round about the old Church site free as we are poor Christians

The 'plot 150 yards by 75 yards' MNOP' will enable the Mission to build a Church in keeping with the architectural beauty of the building in the locality and on the road named after our beloved sovereign, entering the Church we will be reminded of our Ruler and pray for his long life, a prosperous and peaceful reign

We humbly beg that our petition may be kindly granted

Proceedings of the Meeting of the Municipal Council dated 15-3-1947

Sub No 48

Council resolution dated 7-12-1946 referring the opinion of the C I C dated 18-10-46 approving the recommendation of the Engineer in the matter of acquisition of S Nos 4, 5/1, 100/1, 100/2, 3, 2 and 99 of Agrahar Thimmasandra village for Rs 14,723/- for being granted to the Roman Catholic Church authorities in exchange for the land proposed to be taken from them Also opinion of the City Improvement Committee dated 18-10-46 that the site asked for by the Roman Catholic Church authorities in Old Gangammacherry may be given to them at Rs 15/- per sq yard as per Engineer's plan and subject to usual conditions Also Municipal Engineer's report on the same

The Municipal Engineer explained the whole case and said that the idea is to take some land belonging to the Church authorities and give back an equal extent to them

Mr G Nanjappa opposed the dispossessing of the present residents of their land to give to the church authorities and said that the acquisition proceedings need not be pursued

Mr K M Naganna observed that while they had given lands to other religious institutions like, mosques, temples etc, it was but right that they should give the same consideration to the Church people also Some land belonging to the Church was required for Municipal purposes and the suggestion was that this land may be taken from the church people and they be given some other land in exchange If this was done, they would not be going any justice to the church since they would be giving land for land So the church may be paid for the land to be taken from them and as regards giving them land required for their church, he said that they may be given as much of the land as they actually required for a church and this should be free of cost By doing so, the church people would be getting money for their land to be acquired by the Municipality and they would be also getting a bit of land enough for their purpose, free of cost

Messrs R Thimmiah, C Chenniah, S Ghouse Moiyuddin all supported Mr K M Naganna

Mr K Ambrose Ananda further supporting the above said that the Church authorities may be given 100' x 150' free of cost, and

p t o

and the compensation amount for their land to be acquired by the Municipality may also be paid to them according to the valuation of the Engineer

Mr. Singam Rangaswamappa seconded the above and Mr K M Naganna supported it

Then the above was approved by the House and it was furthe resolved that the location of the plot to be given may be fixed by the Municipal Engineer in consultation with Rev Taxiera and City Improvement Committee

SIR,

Subject - Acquisition of a portion of land belonging to the Roman Catholic Church and grant of a site for the construction of a Church in Sri Jayachamarajendra Road, Bangalore

---

With reference to your letter No L 14922 dated 26-4-1947 and subsequent reminders, I have the honour to enclose herewith the detailed report of the Municipal Engineer in reply to the queries raised in your letter under reference

2 A letter dated 4-7-1947 from Rev Father Texeira is also enclosed for favour of perusal in this connection There is considerable force in the points raised in this letter as the land proposed to be given free to the Church authorities as per recent Municipal Council resolution (dated 15-3-1947) measures only 100' x 150' and is sufficient only for a small chapel whereas the land proposed to be acquired from these authorities measures nearly 7396 sq yards, and had been purchased by them for purposes explained in Father Texeira's letter

3 On receipt of your letter adverted to above, the matter was referred to the Municipal Engineer and he was asked to put up modified proposals which would be more equitable to the Church authorities, and his detailed report shows that he proposes to give in exchange a land area (Revenue S Nos 4, 5/1 & 100/1) contiguous to the land now held by the Church authorities on the East side thereof It may be noted that these proposals in the main are the same as those recommended to Government in this connection by my predecessor (Mr K Subba Rao vide his letter No L1 C 1240/42-43 dated 12-7-1945)

P t o

4 It may also be mentioned here that though preliminary notification for acquisition was issued on 19th May 1944 in respect of land to the East of Sri Jayachamarajendra Road, the Church land comprising S Nos 100/1, 2 & 3 was not notified, as it was then proposed to carry on negotiations for exchange of the area held by the Church (as noted above)

5 The matter was to be placed for reconsideration before the City Improvement Committee and the Council for approving of the modified proposals, but in view of your questionnaire and Father Texeira's letter, I am now submitting the entire record for favour of obtaining Government orders thereon

I have the honour to be,
